OFFICE OF LEGISLATIVE COUNSEL

Thursday - 1 July 1965

25X1 1. [] Mrs. Garsiglis, Bureau of the Budget, called to indicate that H.R. 7105, extension of the Export Control Act, was now an enrolled bill, and since the Agency had previously submitted comments on it, wanted to know if we desired to submit a report before the bill was signed by the President. I thanked her for giving us this opportunity and advised that I did not believe we would submit any comments on the enrolled bill. [] HRR. was advised and he agreed that the Agency had no separate position to take with respect to the enrolled bill.

25X1 2. [] The Director, accompanied by Mr. Houston, briefed the CIA Subcommittee of House Armed Services. See Memo for the Record.

25X1 3. [] Mr. Frank Lee, Press Assistant to Senator Peter H. Dominick, called and asked for our estimate of the number of ships in the Chinese Communist submarine fleet. Lee said that JANE'S FIGHTING SHIPS gave the figure as thirty but that "another source" had given them a figure considerably higher than this. After discussing this with [] I advised Mr. Lee that there were some sensitivities involved in this and that we would be pleased to talk with the Senator further if he had a personal interest, however, if they desired this information for someone else, I could tell him that the JANE'S figure was very close to ours but that we would not want any attribution to the Agency in discussions of this. Mr. Lee said he understood and thanked us for providing this information. He added that the information was not for the Senator.
